

Why travel with us?

An Out the Back Australia Tour is a trip of a lifetime. Each tour invites you to take part in authentic outback experiences and “live like a local” for the duration of your adventure.

The tours have been designed specifically to allow tourists to sample everything the area has to offer and to get your hands dirty in the spirit of fun and authenticity.

13 Reasons why you should book your outback adventure with Out the Back Australia

1. Everything you see on our tours is real. There's no shows and no performers, just real people living and working in the Outback.
2. Our tours allow you to physically participate in Outback life. This means you'll “get your hands dirty” from working on a property, shearing a sheep, fishing for a Yellowbelly, kayaking up the river ... You won't just SEE the best of the Outback, you'll actually get to DO it!
3. Everyone in our community participates in the tours in one way or another. That means you'll have over 1500 people working to make your tour truly memorable. Our locals will go out of their way to get to know you. They'll wave or stop you in the street for a chat. You'll arrive a stranger and leave as a friend.
4. Out the Back Australia Tours have been developed specifically to spawn a new industry and employment opportunities in our region. For too many years our towns have been crippled by drought and our population has been steadily declining as families walk off their land and our young people leave for greener pastures in the city. By taking one of our tours you're helping build regional tourism in the outback, create jobs and bring our towns back from the brink of extinction.
5. Enjoy bush hospitality. Be prepared to be welcomed into people's homes and onto their property. You'll get to meet many Outback characters, dine with station owners at their homestead and enjoy a beer with the locals at the pub. You'll genuinely feel like you're part of our tight knit community.
6. Out the Back Australia tours were created and are conducted by locals. Your tour guide will be an experienced member of our community, who has lived and worked in the region for most (if not all) of their lives. We're passionate about our home and we're excited to take you to all the best spots – many of which aren't open to the general public. We know the area and its history intimately and possess unique insight that only a local could impart.
7. Cunnamulla and surrounding districts are home to seven tribes of Aborigines. The area is rich in Aboriginal culture and history. There's plenty of opportunity to be exposed to their customs and rituals while you're exploring the area. See a traditional dance, listen to ancient dreamtime stories or learn to play the didgeridoo ... it's all part of the fun on an Out the Back Australia tour.
8. With maximum tour numbers capped at 16 or 20 (depending on the tour) you're guaranteed an intimate tour experience.
9. Out the Back Australia tours have guaranteed departures after just one booking.
10. You'll never be bored on an Out the Back Australia tour. Unlike other “outback” experiences, our tours boast full itineraries with activities scheduled from early morning until evening.
11. The flexible nature of our tours means they suit travellers of all ages, budgets and abilities. Anyone in good health with an average level of fitness can join our tours. In most cases an alternate activity is offered for older or less capable participants. Alternatively we can modify a tour to suit the specific needs of a group.
12. Your tour is all-inclusive so apart from alcohol, personal purchases and souvenirs, you will not need to spend any of your own money. All meals (including breakfast, lunch, dinner and snacks), all accommodation, all activities, entry fees etc are covered in the tour price.
13. Outback survival pack – All participants in an Out the Back Tour, receive a quality survival pack to get you through your Outback Adventure. The pack includes t-shirt, fly veil, water bottle, sunscreen, insect repellent, travel diary, post cards, pens, sling bag. **Valued at over \$200.**
